ABOUT THE REGION

SUMMER & WINTER

In Leukerbad, mountain sports enthusiasts are well catered for in the summer months. Whether sitting on a saddle, along hiking trails or roped up on the cliffs, discover the wide range of mountain sports and relax in the evening in the warm thermal water.

From the high, rugged Gemmi mountains to the flower-filled Torrent meadows: around Leukerbad there are many challenging and quiet routes for hikers.

The fascination of nature in the freezing cold and the power of water in frozen form. Deeply covered with snow and yet alive, this is how this region presents itself in the winter season. Dive into the snow and enjoy the adventure.

Powdery slopes and a fairy-tale mountain world: the two ski areas Torrent and Snowpark Sportarena in Leukerbad are an insider's secret for snow sports enthusiasts young and old.

THINGS TO DO

This remains nature's secret. But we do know one thing: It takes 40 years for the mountain water to seep into the ground, to be enriched with valuable minerals, to warm up to the right temperature of 51° and to become thermal water. Only when it reaches the necessary quality does it naturally rise from the ground and flow into the Leukerbad baths.

PUBLIC THERMAL BATHS

MONSTER RIDE

Ride down into the valley from the Rinderhütte to the Torrent on a Monster Ride. A breathtaking alpine panorama, a dose of adrenaline and hair in the wind are waiting for you.

In the middle of the winter landscape, surrounded by the glittering white splendor: an authentic adventure in a fairy-tale landscape awaits you on the three marked snowshoe routes. Put on your snowshoes, step into the deep snow and enjoy the snowy mountain world around Leukerbad.
